

EMPLOYEE OPINION SURVEY

Identify strengths and problem areas in the company based on individual employee feedback

What is Employee Opinion Survey and where do we use it?

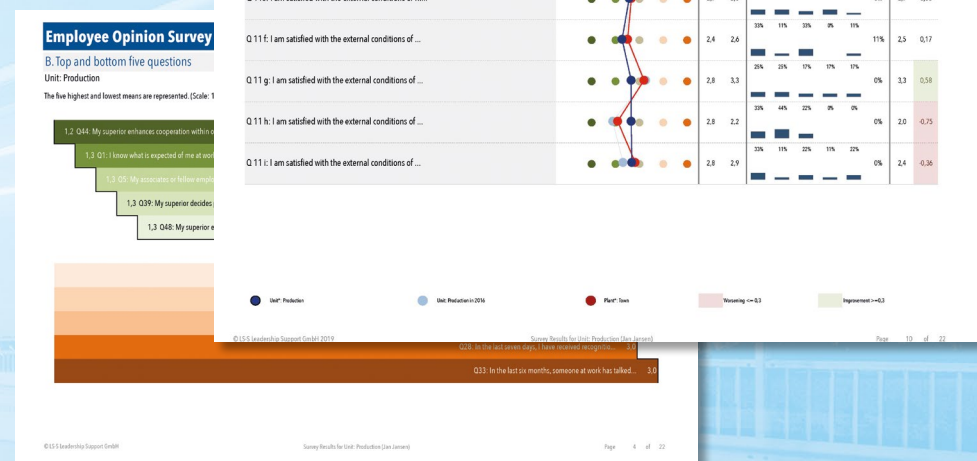

Employee Opinion Survey examines employee satisfaction and provides objective information about their opinions and attitudes in order to facilitate the identification of problem areas and respectively to improve human resource management.

How does it work?

The tool analyzes the attitudes, opinions and expectations of employees through a satisfaction questionnaire, adapted to the areas in the company requiring an in-depth study.

Challenges for the organization, team leaders and the employees

Challenge	Our solution
The mindset in the organization is influenced by difficult to analyze factors	➤ Indication of topics and issues that usually cannot be presented with KPIs
The climate, mood and environment in the organization are changing	➤ Measuring attitudes among employees; Positive climate change in the organization
Indications of dissatisfaction among employees	➤ Identification and analysis of important problem areas in the work for each employee
